

Dear

We would like to invite you to a very special luncheon and tasting presentation at **Cibo Trattoria** with **Sebastiano de Corato** from **Rivera** winery in Apulia, Italy.

Sebastiano's family winery is located in Castel del Monte, a fascinating DOC area in northern Apulia, and produces wines from a wealth of indigenous grapes like Bombino Nero, Bombino Bianco, Nero di Troia and Aglianico.

The presentation and tasting will be in a sit-down lunch format, hosted by Sebastiano. The wines will be partnered to authentic Apulian dishes created by chef Neil Taylor of Cibo Trattoria; the whole event is made possible with the capable assistance of Cibo's GM Diana Schade. Enhance your knowledge of this wonderful region of south eastern Italy and taste an outstanding array of wines including Rivera's famous "Il Falcone" made from Nero di Troia and Montepulciano, and considered to be one of the great "best value" wines in the world today.
